PROFILE

Front-end Developer with a passion for creating engaging user experiences through innovative design and efficient coding. Skilled in HTML, CSS, and JavaScript, eager to leverage knowledge gained through education and hands-on projects to contribute effectively to dynamic development teams.

INTERNSHIP

Front-End Developer Intern

Soft Tech Ashram, Chennai, June to July-2024

- Completed a two-month internship focused on **HTML, CSS, and JavaScript-Basics**, developing responsive and interactive web pages while strengthening front-end development skills.

PROJECTS

Hulu Clone:

- Leveraged React.js, MovieDB API, and Material UI to develop a "Hulu" clone. Designed a polished UI/UX, seamlessly integrating MovieDB API for content retrieval.
- Implemented useState and useEffect hooks for efficient state management and data operations, highlighting expertise in React.js, API integration, and front-end development.

Amazon Project:

- Demonstrated proficiency in front-end web development by recreating the design and user interface of a popular streaming service using HTML and CSS.
- Effectively applied HTML and CSS concepts and techniques to showcase practical skills in web development.

DECLARATION

I hereby declare that all the above mentioned information given by me is true and correct to the best of my knowledge and belief.
